

TREATMENT DESIGNER.

We are looking for a full-time, in-house Treatment Designer to join our growing team. The key part of this role will see you working closely with both our rostered directors and in-house filmmakers to visualise and express their ideas into beautifully produced commercial treatments.

ABOUT PROGRESS

The Progress Film Company is an award-winning, contemporary film studio based in Brighton, UK. Progress makes commercials, digital content, branded entertainment, animation and feature-length cinema under one roof, servicing both agencies and clients directly worldwide.

For more about us and the way we work, visit our website and social media platforms:

Salary: DOE

Please send CVs and a letter of interest to talent@progressfilm.co.uk

THE ROLE

The key part of this role will see you working closely with both our rostered directors and in-house filmmakers to visualise and express their ideas into beautifully produced commercial treatments.

On a daily basis you'll speak to a director either in person, via email or phone and complete a research brief. You will then fulfil the key creative research requirements for the treatment, design the layout and continue working with the director and his/her words to create the full deck.

This role is highly collaborative. You will be working closely with our directors and existing sales team - both our directors' rep and press & marketing department - to help win new work.

RESPONSIBILITIES

- + Strong experience in graphic design, working with key software Adobe CC InDesign & Photoshop
- + An exceptional eye for design and a keen attention to detail, adapting to different directors' styles
- + A fast designer who has the ability to work under the pressure of deadlines
- + Passion for, and knowledge of, commercials, film and photography
- + Knowledge of the process of creative research, both through video and photography
- + An excellent collaborator – able to manage workflow with directors and producers as the pitch progresses
